

# W5

## What to do

At the Brockville Museum we use the W5 (who, what, when, where, why) to answer questions about the artifacts we have. By using the W5 we can tell people cool stories about the artifacts that tell the history of Brockville.

Try it out for yourself!

1. Look around your house for your own artifact that means a lot to you, it could be a toy, blanket, sweater, decoration- Anything!
2. Use the W5 (who, what, when, where, why) to tell everyone about your artifact!
3. Get your parents help to take a picture of the artifact and share its story with the museum!

**What is your artifact? My artifact is...**

**Who owns your artifact? This belongs to...**

**When was your artifact made or used? My artifact was made/ used...**

**Where was your artifact used? My artifact was used...**

**Why is your artifact important? My artifact is important because...**
